Sleek and stunning design

Premium materials meet elegant, minimalist design, making the system perfectly match current sleek TV designs. Harman Kardon Radiance 2400 is a piece of art when off and gives you unbelievable sound when on.

Best in class sound

Harman Kardon's state-of-the-art audio legacy and research made the Harman Kardon Radiance 2400 the ultimate loudspeaker to hear every note in the way the artist intended.

Constant Beamwidth Technology™

This Harman patented acoustic technology uses 24 precisely calibrated transducers per speaker to create a wide sweet spot, so you hear amazing audio wherever you are in the room.

Connect your components with ease

The Harman Kardon Radiance 2400 features a digital hub, that includes a comprehensive array of inputs to quickly connect all your favorite audio and video devices, such as TV, game consoles, set-top boxes, or Blu-Ray players.

Wi-Fi and Bluetooth streaming

Harman Kardon Radiance 2400 is equipped with Chromecast built-in™ and AirPlay so you can stream HD music from your favorite music streaming service. Bluetooth is also available, so the possibilities are limitless.

Intuitive controls

With its luminous LCD display and completely intuitive controls, you can easily set up your Harman Kardon Radiance 2400 system, see information about what's playing and control your experience.

Easy set-up

The Harman Kardon Radiance 2400 speakers and subwoofer connect wirelessly with the digital hub. All you need is to plug in the power cables and run the simple set-up procedure via the Google Home App or via Apple Settings on your iPhone or iPad.

Wireless multiroom

Let a single soundtrack resonate through your entire home or play different music in each room. Simply add other multi-room enabled speakers like the Harman Kardon Citation series to your system, to create a whole-house music system and control the music from your tablet or smartphone.

Thrilling bass

A compact, yet powerful 10" subwoofer with 200 watts of deep, room filling bass is all it takes to bring the action to your movies and emotion to your music.

Hide the digital hub

You can command all the Harman Kardon Radiance 2400 settings with the ease of a Bluetooth remote control, which means you can enjoy clutter-free placement of your digital hub, by placing it behind the TV or in a cabinet.

Innovative Harman Kardon Digital Loop Amplifier Technology

Digital Loop Amplifier technology corrects the natural errors and distortion anomalies that occur in digital amplification, restoring audio quality to the way it was meant to be heard. Hear every note as the artist intended.
